# WITNESS THROUGH ACTION

## YOUNG PEOPLE AND THE MILLENNIUM DEVELOPMENT GOALS

*Tuesday 15 July 2pm - 4pm*

*Barnet Long Room, Customs House, Circular Quay*

The Millennium Development Goals (MDGs) are a series of targets, committed to by governments worldwide, which aim to halve poverty by the year 2015. At *Witness through Action*, young leaders from Asia, Africa and the Middle East will share how they work to stop HIV/AIDS, ensure universal education and sustainability, and promote the right to just work. At the end of the workshop, young people will be invited to join the struggle for global justice.

*Witness through Action* will be facilitated by Jack de Groot (CEO, Caritas Australia) and Loucille Alcalá (International Program Coordinator, International Young Catholic Students). Hear stories of injustice and action, and be inspired to make change!

This is an English event, with limited informal interpretation in French and Spanish.
